 Guild Meeting
 April 21
 The KC Woodworkers
 Guild Meeting
 April 2-3-4
 The KC Woodworking Show

Welcome to issue one of the Lee's Summit Woodworkers' Guild newsletter. We welcome all comments concerning what type of items you would like to see in the paper, the layout and general format. The logo (saw, hammer & square) are computer generated. I don't have any artistic talent, and this is just a first attempt. If you have any ideas for a logo please feel free to let us know. The newsboy is just there to fill space and attract attention to Guild officers and special dates.

At the February meeting George (Sonny) Sharrar gave a very interesting presentation on form making and metal casting. A special thanks to George who has a wealth knowledge and a lot of talent. Bill Akers agreed to be secretary for the coming year and Doc Ritter provided the refreshments. Thanks Doc. While we are handing out accolades, we don't want to forget Jerry Ray who made up the Guild badges, be sure to wear them to the meetings and tell Jerry what a great job he did.

New Members

Bob Phillips is our newest member and excellent on the scroll saw. Future program, maybe.

Future Meetings

March 29 Ray Lawler will give a talk on tool sharpening.
 April 26 Mark Lane will show us all how to tune up our band saws.
 May 24 Tentatively a tour of the Pleasant Hill veneer mill with Jim Elbel or George Whiting will give us a talk on furniture restoration.

Buy Sell Trade

Earl Reed has two items for sale;
 RBI 24-26 Scroll Saw \$450
 Spindle Sander \$500

From the President

As you can see, we now have a great looking newsletter. Thanks to Kal Oldenburg for volunteering to serve as editor. If you have items for sale or trade, or other items of interest, get them to Kal.

In looking forward to May, we find that our regular meeting (last Monday in May) will fall on Memorial Day. We should discuss the options we may have to avoid these conflicts.

By-Laws Committee has met and include Hillis Bower, John McDermott, George Whiting & Roy Hackemeyer. We plan to present the proposed by-laws to the membership at the May meeting. Our proposed by-laws will include an executive board which will be made up of guild officers and members-at-large.
